

## **2. Instruments**

For instruments for analysis by the test methods stipulated in chapter II and III, when the test method stipulates “gas chromatograph-mass spectrometer (GC-MS)”, gas chromatograph-tandem mass spectrometer (GC-MS/MS) can also be used. When the test method stipulates “liquid chromatograph-mass spectrometer (LC-MS)”, liquid chromatograph-tandem mass spectrometer (LC-MS/MS) can also be used.
